Improving Decision-Making with avsnet Visual Communications

Bregal Capital is a private equity firm with fund commitments since inception of more than €3 billion. Bregal Capital is part of Bregal Investments.

What was achieved:

- Visual and audio communications solutions bring Bregal's teams and stakeholders together for improved decision-making
- Simpler day-to-day technology management through avsnet's professional services
- avs: aftercare eases the operational burden and reduces the financial cost of equipment lifecycle management
- A proactive maintenance team safeguarding Bregal's technology investment with helpdesk and on-site support
- Planned projects to drive collaboration across the business further, including Skype for Business integration and new virtual meeting rooms

How avsnet Stood Out

1. An agnostic **consultative approach** delivers the ideal solution for Bregal's workflows and business objectives
2. **Extensive knowledge** of visual communications
3. Deployed in multiple phases to **minimise disruption**
4. A **Polycom Platinum partner** with multiple implementation specialisations

"We're extremely happy with avsnet. Flexible. Always focused on what's best for us as a business. A team we can trust. I'd recommend them to anyone."
